Institute Goals and Objectives
The purpose is to enhance students’ cognitive, interpersonal and intrapersonal skills through a series of self-paced, structured and accessible interdisciplinary workshops, dialogues and experiential opportunities.

- Integrative learning through interdisciplinary dialogues and community meetings with peers and mentors.
- Interpersonal skill enhancement through professional development, leadership and communication seminars.
- Intrapersonal skill enrichment through the integration of scholarly work and service or community engagement efforts.

Meeting Time: As determined by Doodle Poll
Meeting Place: Eloy Torrez Family Engineering Learning Communities Conference Room
Coordinator: Tony McClary, Learning Communities Program Manager
Coordinator Hours: 8 a.m. to 5 p.m., Monday through Friday
Coordinator Contact: mameclar@nmsu.edu; 646-5894
